

## **CGW4U: The Earth In Balance, Unit Test Review**

### **Format of Test**

The test will be out of 40 marks, with 4 sections worth 10 marks each. These sections are outlined below.

#### Section A – Understanding: Multiple Choice

- Circle the correct answer for each question (10 questions worth 1 mark each)

#### Section B – Thinking and Inquiry: Matching

- Match the terms with the correct definitions (10 terms, worth 1 mark each)

#### Section C – Communication: Long Answer

- In an in-depth written answer, which uses full paragraphs and proper sentence structure

#### Section D – Application: Case Study

- You will be provided with a case and asked to analyse a specific aspect of it

### **What to Know**

You are responsible for knowing all of the **key terms** as well as the material covered in the textbook (Chapters 15-20). Additionally, questions will be drawn from our class discussions and the materials posted on the wiki.
